

2018 VCE Results and 2019 Pathways

Our VCE results are again very impressive across the full range of scores and saw an improvement from previous successful results. 64.4% of our students achieving results in the top 75% of study scores. This resulted in significantly high ATAR scores which enabled our students to access a range of Tertiary Courses of the student's choice. These are again excellent results and reflect the hard work and dedication of our staff and students. I congratulate our students and their teachers for the diligence and persistence they demonstrated to achieve them.
